

Pride Guardian II – Bodymaker Over Travel Gauge

**A SMALL PART ON YOUR LINE. A  
LARGE PART IN YOUR SUCCESS.**

**MORE QUALITY CANS.  
LESS DOWNTIME.**

The Guardian II safely and accurately measures bodymaker over travel, a key piece of your process information. Set up and run your bodymaker knowing you're getting good dome depth even while varying bodymaker speed to match pull from the decorator.

Avoid unplanned downtime and optimize your maintenance activities by leveraging the Guardian's over travel monitoring and data trending.
